* Generally speaking Guide Prices are provided as an indication of each seller's minimum expectation, i.e. 'The Reserve'. They are not necessarily figures which a property will sell for and may change at any time prior to the auction. Virtually every property will be offered subject to a Reserve (a figure below which the Auctioneer cannot sell the property during the auction) which we expect will be set within the Guide Range or no more than 10% above a single figure Guide.
