PLANNING

32 RAMSDEN SQUARE

Planning permission was granted on 7 July 2022 (Ref: 22/01837/FUL) for substantial redevelopment of the original house, including single-storey and first-floor rear extensions, a gable roof, roof lights, and a dropped kerb.

The scheme enables the transformation of the existing house into a 5-bedroom HMO, with each room benefiting from ensuite facilities.

32B RAMSDEN SQUARE

This new-build dwelling was approved under the same overarching application 22/01837/FUL, which permitted the erection of a new 2-bedroom dwelling (later revised to 3 bedrooms through design development).

The property is considered to fall under Use Class C3 (single-family dwelling), although it is noted that the applicant has explored options for future C4 HMO use (4 rooms with ensuites), subject to further permissions.
